“The SAT and Beyond”

With **Effi Rouse**, K-12 Director at the College Board,
 and **Dr. Ryan Goble**, Glenbard Teaching and Learning Coordinator .

Saturday, October 13, 2018
 10:30 am - 12:00 pm

The SAT has replaced the ACT as the College Entrance Exam to be given in the Glenbard Schools and throughout the state of Illinois. The SAT measures college and career readiness skills and is closely aligned to the high school curriculum. Not only has the test changed but the SAT exam itself has undergone major changes into what will be tested, and how it will be scored. Junior, sophomore and freshmen parents and students will want to attend to better understand the revised SAT.

Ryan Goble will discuss an opportunity for Glenbard juniors to receive a free after school SAT PREP+ program offered by the district from January-April 2019. This is the second year of the Glenbard test prep series. Join us and learn more about this innovative and unique test prep offering that is making a difference and everything you need to know about the SAT from our experienced experts.
