

# 2019 Community Read

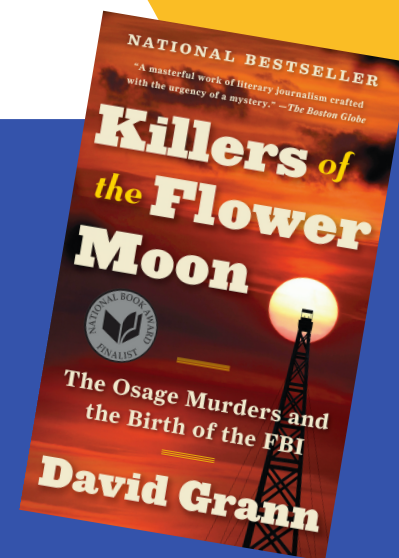

7:00 p.m. Thursday, Sept. 5

Glenbard West Auditorium

670 Crescent Blvd. in Glen Ellyn

**OPEN TO THE PUBLIC. ALL ARE WELCOME.**

Meet  
the  
Author!

The Osage Indians were driven onto land presumed worthless. However, the Oklahoma reservation turned out to be atop one of the largest U.S. oil deposits, making the Osage very wealthy targets. Shining a light on our turbulent history, this book exposes the deep-seated prejudices that continue to cast their shadow in America. It draws us into the story of the fledgling FBI and the team, led by an old-school Texas lawman, which solved the many shocking murders of Osage Indians. **"Killers of the Flower Moon" is currently being made into a feature film directed by Martin Scorsese and starring Leonardo DiCaprio.**
